

## Lawn Liquid Irrigation LLC 469-338-2199

### Suggested Run Times

<u>Summer</u>	<u>Fall/Spring</u>	<u>Winter</u>	Zone
10 mins	6 mins	4 mins	Front yard spray
4 mins	2 mins	1 mins	side yard spray
40 mins	25 mins	15 mins	MP Rotors
10 mins	6 mins	4 mins	Backyard Spray
20 mins	15 mins	12 mins	Backyard Rotor
25 mins	20 mins	20 mins	Flower bed
6 mins	5 mins	4 mins	Tree Bubbler
20 mins	15 mins	10 mins	Foundation Drip

**Notes:**

New Sod - Water twice/day every day for 2 weeks until lawn is established

New or established Sod need 0 watering during Freezing temperatures

Tree - Water every other day to keep root ball moist. DO NOT over water. This can be set up on program b.

Shady areas like side yard need less water due to lack of evaporation from sunlight.

Drip lines need more time than spray heads

**Important! - This is only a guideline. Home owner is responsible for knowing plant type and amount of water recommended.**

### **Maintenance Checklist and Warranty for Irrigation System**

The following is a list of components that may require maintenance and recommended service frequency:

<u>Components</u>	<u>Maintenance</u>	<u>Frequency</u>
Y Strainer	Clean Filter	yearly
Double Check	Test Device	yearly
